Overview

Introduction

When an employee leaves employment with an agency, either through transfer to another state agency, termination of employment, retirement, or death, certain procedures must be completed prior to terminating the employee in CIPPS. If proper termination procedures are not followed, incorrect payments, incorrect reporting of state and federal taxes, and improper CIPPS file maintenance can occur. This topic provides guidelines for making final payment(s) to terminating employees and terminating their records in CIPPS.

Procedures

Discontinuing Semi-Monthly Pay

In order to ensure that the employee who is terminating or being severed does not receive their regular salary in addition to any final payments, the employee's **TIME CARD STATUS** field on H0BID should be changed to a value of **0** (**Non-Auto**).

Political Appointee Severance Payments

When political appointees separate from State Service, the Secretariat will inform the agency of any severance payment(s) due. These severance payments will be made using Special Pay 13, SEVR PAY. Contact DOA to have the Special Payment set up on the agency's company header prior to paying.

Involuntary Separation Severance Payments

The Department of Human Resource Management Policy 1.57, Severance Benefits, in conjunction with DHRM Policy 1.30, Layoff, outlines the policies pertaining to severance benefits.

Severance payments for involuntary separation, whether bi-weekly or semi-monthly, are processed using Special Payment 31, INV SEP.

Severance Benefits Deductions

Depending on the type of deduction involved and central agency policy, payroll deductions for terminating employees may require adjustments. Such adjustments may be made through deduction overrides (See Topic 50605) or deduction refunds (See Topic 50705).

After the final payment is made to the employee, all deduction frequencies must be set to "00". The following table provides termination processing options related to the most common payroll deductions:

Deduction	Severance Procedures
Healthcare	Employees may continue to receive health insurance
	coverage for a period of 12 months from the effective date of
	separation. While the employee continues to receive
	severance payments, the agency and the employee pay their
	respective share of the healthcare premium.
	Once the final severance payment is made, update the
	HMCU1 membership type field to a LWOP code. The
	agency will be charged the full premium and must recoup the
	employee share outside CIPPS.
Dependant Care and	While receiving severance benefits, contributions to Flexible
Medical	Spending Accounts may continue on a pre-tax basis.
Reimbursement	Subsequently, contributions must be made on an after tax
Account	basis under "Extended Coverage."
Optional Group Life	Terminate deduction. Employee can be direct billed from
	vendor.
Deferred	Deferred Compensation cannot be withheld from severance
Compensation	payments.
403(b) Annuities	Upon request by the employee, may continue to be withheld
	from the severance benefits.
Miscellaneous	
Insurance

Severance Benefits Deductions (continued)

Deduction	Severance Procedures
Savings Bonds	May continue to be withheld from the severance benefits.
	Refund through payroll if there is a balance in the last five
	positions of the utility field on last severance payment.
	In order for a savings bond refund to process, the frequency
	must be changed to "00" while processing regular pay for the employee.
	If a system refund cannot process, contact the DOA
	Payroll/Benefits Accounting Unit to initiate a manual refund.
Retirement	All retirement contributions (retirement, retiree credit, and
	buyback) cease once the employee is placed on severance.
Group Life	Group life insurance benefits continue for 12 months from the
	effective date of separation. Group life insurance coverage
	must be reported to VRS directly. DO NOT CALCULATE
	GROUP LIFE IN CIPPS. However, Imputed Life must
	continue to calculate for the employee receiving the life
	insurance coverage.
Long-term	The long-term disability deduction must be deactivated at the
Disability	time of the severance.
Court-ordered	Court-ordered withholdings are still in force for any payments
Withholdings	the employee may receive after severance and must be
	honored.

Final Payments

Final payments to terminating employees should be issued on the payday following the last period worked. Final payments include any additional regular, overtime, shift, or on-call pay due the employee for hours worked. Final payments also include the monetary value of the employees' annual, sick, and/or compensatory leave balances. See DPT Policy Nos. 3.10, 3.15, 4.10, 4.55, and 4.57 for more information concerning employee eligibility to received payments for compensable leave balances. Typically, leave balances are not paid out until the employee has exhausted severance payments.

All non-paid, taxable benefits (e.g., moving and relocation, meals, company car, etc.) should be processed before issuing the final payment. The final payment may also be the agency's best opportunity to collect additional premiums, recoup travel or other advances, other employee debts, or to complete a deduction refund. If this does not occur, manual adjustments to the employee's masterfile records may be necessary or the agency may have to collect any additional payroll taxes that may be due from the employee pursuant to the adjustment.

Leave Balances

Terminating employees' leave balances should be set to zero and all compensable leave balances paid to the employee prior to the termination of the employee in CIPPS. Reference CAPP Topic No. 40205, "Establishing/Maintaining Leave Records."

Terminating Employee Deductions

Depending on the type of deduction involved and central agency policy, payroll deductions for terminating employees may require adjustments. Such adjustments may be made through deduction overrides (See Topic 50605) or deduction refunds (See Topic 50705).

After the final payment is made to the employee, all deduction frequencies must be set to "00". The following table provides termination processing options related to the most common payroll deductions:

Termination Check-Off List

It is recommended that agencies develop a termination check-off list to ensure that all information is complete and accurate before terminating the employee. The check-off list developed for agency use should include the following:

Sick Leave Balances/Disability Credits	
Compensatory Leave Balances	
On-Call Leave Balances	
Overtime Leave Balances	
Reportable Meals	
Company Vehicle	
Leave transactions keyed and balances reconciled	

Miscellaneous Collections

Outstanding Travel Advances	
Outstanding Uniforms, Badges, Keys, etc.

Terminating the Employee's Record

After final payments are made, voids processed, and leave balances zeroed, the employee masterfile record on H0BES can be updated to reflect the terminated status as follows:

Employment Status Enter a value of "3" indicating the employee is terminated.

Termination Code

Enter the value indicating the reason the employee is leaving the agency.

VALUES	EXPLANATION/USE
1	Death. Use this value upon death to ensure proper
	W-2 reporting.
2	Discharged.
3	Retired.
4	Transferred.
5	Resigned.

Termination Date

Enter the effective date of the termination. If not entered, the system will assume the last day of the current pay period, and if salaried and automatic on H0BID, will pay the employee.

Volume No. 1—Policies & Procedures	TOPIC NO.	50320
Function No. 50000 —Payroll Accounting	TOPIC	TERMINATIONS
Section No. 50300—	DATE	June 2004
Establish/Maintain Employee Profile Information		

Affect of Termination Status

When the employee status is changed to terminated, CIPPS:

- Automatically changes the payroll frequency to 99 (terminated),
- Turns off any direct deposit checking deduction, and
- Zeroes any remaining leave balances for the employee.

Available Reports

There are a number of reports available to help agencies track employees who have terminated and identify the period termination occurred. Reports of terminated employees who have deceased pay but are not coded as deceased, and employees who are coded as deceased but do not have deceased pay are also available.

Internal Control

Internal Control

Agencies must verify that CIPPS information concerning terminating employees is complete, properly authorized, and entered accurately into the system. Fiscal officer must ensure that all payments have been properly and accurately issued and that any outstanding advances and/or agency property have been recovered prior to the final payment being issued to the employee.

Records Retention

Time Period

The Input Transaction Listing, Report 1001, and the Transaction Batch Balance Summary, Report 1005, must be retained for 60 days. All other reports should be retained for five (5) years or until audited, whichever is later. Agency policy and procedures determine the retention of the related agency source documents/records. See CAPP Topic No. 21005, "Records Retention and Disposition."
